### About This Game

For many years, Rome prospered in peace and serenity. But dark shadows of the past ascended on distant borders. The young leader of the Vikings invaded the lands of the Empire to avenge his father. Now mature son of General Victorious, Markus, is leading the troops toward danger, and despite all the admonishments of his lover, leaves her back in Rome. Disappointed by not being able to participate in the battle, Valeria strives to prove that she too is capable of making the lives of the people of the Empire better. She seeks a new appointment for herself and together with her squad, she sets off in the rear guard with goal to restore destroyed communities and build roads on the distant frontiers of the Empire.

Clear up and build roads, leave gifts and offerings on the Gods' altars and help Victoria.

Take up new tricky tasks and overcome dangerous challenges in Roads of Rome: New Generation 2, an addictive game that successfully combines strategy and time management features!

Game features:

- 40 levels and one bonus level;
- Familiar but improved gameplay;
- A new system of bonuses and altars;
- Possibility of selecting options of construction and demolition of buildings;
- 3 difficulty modes.

Has anyone gotten to level 22 and completed it..If so could you tell me for some reason no matter what mode or howmany times I play I can't get to the Island..... No

This game consist of sitting and looking at the screen an being ready to press the next action you want to perform.

You cannot queue your actions. Th planning element of the game is negated by this.

. Fun game like every other in the series. One bad thing though - it crashes often, didn't experience that with previous episodes.
